

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 769054.

Dear Sir/Madam,

On behalf of the European Horizon 2020 project PIONEERS “Protective Innovations of New Equipment for Enhanced Rider Safety”, we are very pleased to invite you to the project’s Final Event – ‘PIONEERS Results, Highlights & Demonstrations’, to be held at the premises of RACC, in Barcelona - Spain, on Wednesday, 29 September, 2021.

After more than three years of research, innovation and development in the field of Rider Safety, the PIONEERS consortium will showcase how the project makes the road usage safer in a one-day conference.

The PIONEERS Final Event aims to bring together industry, researchers, international associations, authorities and operators, to share the results of the development of Personal Protective Equipment and On-Board Safety Systems that will contribute to the reduction of fatalities and severity of injuries. PIONEERS also proposes to improve the assessment methods and increase the usage rate of such devices.

Join the PIONEERS Final Event and be among the first to learn about the benefits of these solutions in terms of societal and economics benefits.

Participation in the PIONEERS Final Event is free of charge, but registration is mandatory to secure your place, as well as for data protection regulations. Because of COVID situation, PIONEERS Final Event will be organized as a Hybrid event: Face-to-face but simultaneously in streaming.

To find out more and to register, please visit www.pioneers-project.eu/final-event/

For any inquiries please contact ricard.casalins@racc.es

We look forward to welcoming you at the Final Event, on 29 September!

Yours faithfully,

Enric Soriano
